## A CONTEMPORARY WOOL WITH EUROPEAN STYLE - AUGUSTUS by Warwick

Overview: Tailor made for the modern world, our ever-popular recycled wool-blend AUGUSTUS brings warmth and texture to any interior with paramount performance, timeless aesthetic and low environmental impact.

- **Application:** AUGUSTUS is a yarn-dyed, plain weave with a felted finish. This combination gives this Italian wool-blend its heavy commercial strength and mottled tone. Fire-rated and dual-purpose with both a Warwick Naturally and Encore stamp, AUGUSTUS is perfectly suited to any application in both residential and commercial environments.
- **Encore:** AUGUSTUS is made from 70% recycled wool sourced from clothing and other textiles. These items are put through a mechanical process that returns the textiles to fibres which is then re-spun into yarn and manufactured into a new fabric. Encore eco-friendly textiles are sustainable and functional while being kind on the earth.
- **Colourways:** AUGUSTUS offers a comprehensive collection of 46 transitional tones. Colours of Blush, Dew and Thistle adds a soft, contemporary palette of pastels. Willow, Copper, Seaglass and Meadow play to earthy tones inspired by nature. Gunmetal, Birch and Ecru add to the selection of timeless neutrals to blend their way into any scheme.
- **Rating:** AUGUSTUS is tested to both AS1530.3 and AS1530.2 standards with a dual-purpose, heavy commercial rating. This Warwick Naturally recycled wool-blend brings style and sophistication with an expansive palette offering a myriad of moods.
