

WARWICK

Ashcroft

Warwick Fabrics proudly announce the arrival of their latest product brand - 'Encore', High Performance upholstery fabrics using recycled polyester. 'Encore' fabrics are designed to acknowledge a growing consumer and industry demand for products that are environmentally considerate.

Ashcroft, 'Encore' incorporates no less than 40% by weight of recycled yarn produced from recycled plastic bottles. In fact, each metre of fabric represents no less than 4 plastic bottles*

Ashcroft is also rated for **Heavy Commercial** upholstery applications and is a Halo fabric woven to precise specifications and tested to exacting standards for colourfastness, abrasion, inherent stain resistance and safety (Free formaldehyde ISO 14184-1:1998). Halo is the Warwick hallmark for high performance, easy clean fabrics. Halo fabrics are resistant to pilling, mould and mildew and are impervious to attack by moths, silverfish and insect pests.
