

WARWICK

TRADITIONAL DESIGN WITH A MODERN TWIST – BIANCA by Warwick

Overview: Presenting traditional designs with a contemporary twist, BIANCA is a captivating collection with a vibrant aesthetic. Boasting dry woven textures and a diverse selection of painterly designs, BIANCA fuses colour and pattern to create an aesthetic that is eclectic, unique and delightfully charming. Ideal for mix and match purposes or as a stand-alone statement piece, this bold Australian made collection is designed and coloured in the Melbourne studio.

- **Inspiration:** Inspired by the shape and movement of traditional Batik textiles, BIANCA uses contemporary jacquard techniques to create a modern and textured watercolour effect.
- **Application:** A striking fabric with an inherently organic feel, BIANCA is ideal for feature pieces such as sofas and bedheads or can be used in more subtle ways as a charming accent on scatter cushions.
- **Design:** BRADY'S broken herringbone pattern provides a modern structured design that is balanced perfectly by the small-scale geometrics of BAKER and organic spot pattern of BESSIE. While BIANCA offers contrasting design with a naive floral pattern that exhibits a woven painterly effect suggestive of watercolours.
- **Colourways:** Fresh, modern and multi-tonal, BIANCA offers a contemporary colour palette that will incorporate into existing design schemes with ease. Neutral shades such as Natural and Graphite are sophisticated and refined, while Ocean and Seaglass are coastal colours with a chic yet relaxing vibe. Providing a fun vibrant aesthetic, Coral is a bright warm alternative while Moss offers a fresh, natural mood.
- **Rating:** Made and designed in Australia, BIANCA is Oeko-Tex certified with a natural textured feel, making it the ideal mix and match collection for general domestic upholstery.

DESIGN	USAGE	COMPOSITION	COL CODE
