

WARWICK

AN ELEMENTAL EXPRESSION - BOUNTY by Warwick

Overview: Bring sophistication and subtle movement to your space with the mixed-blend drape BOUNTY. This transitionally textured fabric features a small-scale stria with a 100% block-out flock coating and continuous 300cm wide-width. This functional fabric brings an organic finish to an array of interiors.

- Design: BOUNTY's gentle stria and metallic sheen is conceived through its poly-viscose construction. These fibres react differently to its piece-dyed finish which create its engaging lineal look. With a silky handle and soft, acrylic flock backing, BOUNTY brings block-out capabilities on a luxe backdrop.
- Application: With a continuous 300cm wide-width, BOUNTY's transitional texture lends itself to a diverse range of spaces. From small to large-scale architectural windows, BOUNTY brings 100% block-out privacy with a serene nature and sophisticated movement.
- Colourways: BOUNTY features eight elementally inspired hues to these textured block-out drapes. Charcoal and Flint bring darker neutrals for a more urban feel. Lighter mineral skus include Birch, Snow and Silver, adding a more classic selection of colours. For a touch of saturation, see hues of Nougat, Gold and Fossil.
- Rating: Transitionally textured and 100% block-out, BOUNTY adds gentle movement and interest to a space with complete privacy, while boasting a continuous 300cm width. Its organic stria pattern and elemental colourways make BOUNTY an exquisite addition to any interior.
