**BRAXTON**

## GRID DISRUPTED, A NEW LANGUAGE OF GEOMETRY – BRAXTON by Warwick

Unapologetically contemporary, BRAXTON brings mid-century modern designed on Bauhaus principles. Its interrupted grid system mimics Brutalist forms with functional artistry that balances order and disruption, transforming irregular shapes and textures into a refined, architectural statement.

- DESIGN:** This collection is layered with softness and tactility, with a pattern that breaks momentum through textural asymmetries and woven cadence. An imperfect Geometric design is ultimately resolved in a Jacquard woven with fancy yarns for dimensional interest. Its open weave structure emulates a loose, artisanal style without compromising on performance. BRAXTON is an intricate coordination of yarn to complete an axial cloth that is both robust and beautifully distinctive.
- APPLICATION:** Perfect for both residential and commercial use, BRAXTON is a design-led abstract with the strength to meet the demands of busy households, corporate spaces and architectural settings. Its distinctive character makes it ideal for large-scale furniture as well as considered soft furnishings, where it brings style, visual energy and enduring practicality.
- COLOURWAYS:** Grounded in classic mid-century tones and refreshed with modern accents, the palette is versatile and carefully balanced. It allows interiors to remain true to their design heritage, with Chocolate, Mustard, Cherry and Navy, while also offering the scope for more contemporary interpretations, where softer notes of Peach or Nectar bring a renewed, forward-looking edge.
- RATING:** Yarn dyed, Heavy Commercial rated with Oeko-Tex certification and an AS1530.3 fire rating.
