THE SHEER COLLECTIVE - ELEVATE by Warwick

The ELEVATE range offers endless possibilities, from organically textured to fluidic plains - this compilation covers all characteristics and finishes to amalgamate their way into almost any interior application.

With over 150 different options, across 15 fire rated qualities, ELEVATE provides a collection of sheers that have a continuous wide width and self-weighting to help achieve the perfect drop in both classic and contemporary spaces.

ELEVATE's versatile and comprehensive colourways offer a myriad of moods. From cool and warm neutrals, to lightly saturated trending skus and contemporary darker hues for more urban environments. This collection has a finish, texture, pattern, tone and style for all schemes and situations – an all-embracing sheer selection of filtered privacy.
