FROM HERITAGE TO HOME, WOVEN FOR MODERN LIVING – FREYA by Warwick

Blending the elegance of timeless design with a contemporary sensibility where tradition is honoured yet crafted with a fresh perspective. FREYA brings the beauty of the past into the present with a versatility that’s needed for modern-day spaces, capturing an historical elegance that is subtle and composed.

- **DESIGN:** FREYA is a collection containing four interchangeable designs, Angus is the complimentary plain, Evelyn is a delicate small-scale decorative damask, Isabelle is a formal scrolling floral and Freya is a large scale traditional damask that is elegantly bold.
- **APPLICATION:** The application styles for FREYA are endless where the utilisation of pattern and plain can be introduced at scale or in selective spaces across soft furnishing, drapery and furniture. Whether the look calls for something demure and romantic or lavish and decorative with the inclusion of swags, tails or a pelmet, FREYA is a versatile dual-purpose solution that has superb drapability and finesse.
- **COLOURWAYS:** Piece dyed and available in five colourways, the collections’ colour palette is classically diverse. It has an ambition to complete a room across all its soft furnishing needs with beautifully pigmented tones of laurel and gold, as well as the striking options of navy and rose. Playing homage to the lustrous colours of the Baroque and Rococo era, FREYA is a harmonious display of pattern, texture and colour.
- **RATING:** Oeko-Tex certified.
