**GAMBIER**  
GAMBIER . NOBLE

## TIMELESS, BLOCKOUT DRAPERY FOR A MODERN AESTHETIC - GAMBIER by Warwick

Transitional and timeless, GAMBIER is a 3-pass coated drapery range that is classic, yet full of practical benefits. Soft and smooth to touch, this collection adds a casual, tailored feel to a variety of interiors — ideal for modern residential and commercial spaces.

- **DESIGN:** In two designs, Noble is a subtle woven crosshatch, while Gambier has a structured, small-scale texture. Both are plain weaves that are piece dyed with a 3-pass acrylic coating and matte finish, making them perfect for privacy and blocking out sunlight.
- **APPLICATION:** GAMBIER takes on a timeless, modern aesthetic. Continuous with a generous 300cm wide width and a AS1530.3 fire rating, this collection is Oeko-Tex certified and creates light-blocking drapes and sharp roman blinds that are suitable for both residential and commercial interiors. This range also features the added benefits of thermal and noise insulation with its acrylic coating.
- **COLOURWAYS:** With a neutral palette of 10 colours, GAMBIER embodies the neutral tones seen in nature. Snow, Ecru and Frost offer light and bright hues, while Habour, Fossil, Pepper and Tahini bring natural mineral tones to the collection. On the darker spectrum, Slate, Coal and Hickory are sharp and contrasting shades that will complement a modern space.
- **RATING:** With Oeko-Tex certification, GAMBIER is AS1530.3 fire rated, has a continuous 300cm wide-width with a 3-pass acrylic coating, making this 100% block out drapery range ideal for commercial, as well as transitional residential interiors. This collection can be easily coordinated into any neutral space and offers just enough texture to create visual interest.
