SAVINE

A STUDY IN STRUCTURE AND NATURAL INFLECTIONS - SAVINE by Linia

SAVINE by Linia is a reflection of balance, where structure meets spontaneity. Its organic weave tempers order with natural inflections, creating a sheer defined by gentle rhythm and refined texture.

DESIGN: Crafted from linen, an elevated crosshatch weave gives this premium sheer its distinctive identity. The delicate netted construction reveals the interplay of intersecting warp and weft, while dual-toned slub yarns introduce soft tonal variation and natural irregularity across the surface.

APPLICATION: Allowing light to filter gently through its netted texture, SAVINE brings depth, softness and quiet privacy to an interior. Its 315cm width showcases the linen's natural lustre and effortless drape, while a weighted hem encourages fluid folds and natural puddling that frame a space with relaxed ease.

COLOURWAYS: A palette of muted neutrals, including Storm, Sand and Limestone, is complemented by earthy hues that bring warmth and a sense of composure to an interior. Signature tones such as Shell and Wheatgrass introduce a soft luminosity, thoughtfully attuned to material-led interiors, coastal settings and the distinctive quality of Australian light.

RATING: Yarn dyed, 315cm wide and Oeko-Tex certified.
