TERRAIN
TEMBA . TERRAIN

THROUGH THE LOWLANDS, INTO THE WILD – TERRAIN by Warwick

TERRAIN explores the intersection of animal patterning and fashion-led expression, merging maximalist sensibilities with historical influence. Interpreted through a modern approach, the collection combines an abstract houndstooth with a check formation and a zebra design inspired by the untamed beauty of the natural world, layered with a subtle Celtic undertone.

- **DESIGN:** This elevated jacquard pair is richly woven with boucle' and chenille yarns for maximum textural impact. A yarn-dyed construction enhances the depth and dimensionality of each design to invite tactility and nuanced colour stories. TEMBA embraces an expressive surface, where an undulating zebra pattern creates rhythmic movement across the fabric. TERRAIN shifts between a jagged houndstooth and organic giraffe-inspired markings, evolving into a check design from afar. Balancing heritage references with a safari-inspired edge, the collection feels equally suited to classic interiors and contemporary eclectic spaces.
- **APPLICATION:** Designed for lasting durability, TERRAIN carries a strong Martindale result with Halo stain-resistant protection, making it adaptable across a wide range of interior settings. Despite its strength and synthetic construction, the collection retains a luxuriously soft, weighty handle, allowing it to upholster effortlessly across both tailored silhouettes and sculptural forms.
- **COLOURWAYS:** Enhancing this sense of refinement, the collection reinterprets classic animal pattern through tonal colourways that soften and modernise each design. Earthy browns and versatile neutrals sit alongside inky blues and olive-toned greens, creating a palette that feels both grounded and unexpected. Complementary light and dark yarns add depth and subtle movement, resulting in a considered two-toned aesthetic that channels heritage influence with modern naturalist character.
- **RATING:** Yarn dyed with Halo easy-clean properties, Oeko-Tex certification and an AS1530.3 fire rating.
