TORUS

HEDRON . SIGMA . THETA . TORUS

URBAN SOPHISTICATION with Torus by Warwick

Overview: Bold geometrics and modern colours intertwine to inspire a smart and contemporary collection with TORUS, Warwick's latest range of commercial upholstery fabric. Creating a feel that is sophisticated and stylish, TORUS' yarn-dyed jacquard weave delivers a robust and durable material that is balanced by a refreshingly urban colour palette. TORUS is perfect for both home and commercial environments, adding a tactile quality that allows for a captivating style statement in a contemporary setting.

- Inspiration: TORUS is an ode to modern geometrics and bold design. With a variety of pattern combinations available in a number of hues, each design is named according to its geometric structure, paying tribute to the many diverse patterns and designs that embody geometrics.
- Design: Geometric shapes are intertwined to create an assortment of modern patterns achieving a look that is captivatingly urban.
- Colourways: TORUS offers a diverse colour palette to choose from. Colour options such as Caviar, Dove and Chai present a softer, neutral tone that coordinate beautifully into existing colour schemes. Sulphur, Pacific and Garnet draw upon the trio of primary colours, with warm reds, teal blues and modern mustards that present a sharp yet sophisticated look.
- Rating: TORUS is a dry-look heavy commercial fabric, is FR tested and offers the added protection of a Warwick Halo fabric, tested to exacting standards in colourfastness, abrasion and inherent stain resistance. This durable fabric is well suited for upholstery applications, in both domestic and commercial environments.
