AN ARTFUL PARTNERSHIP BETWEEN ABSTRACTIONISM AND IMAGINATION – ALLAMBIE by WARWICK

ALLAMBIE is a collection that has been designed with a geometric and geological playfulness where mid-century shapes are fossilised with a natural landscape formation.

- **DESIGN:** Painterly in style, the bold curves and jewel like appearance of Collaroy, and the stamped block sequences of ALLAMBIE, are organised with a hand-painted rawness leaving the imagination to create a story linking the Australian landscape from tidal waves to outback rock formations with a cohesive modernist outcome.
- **APPLICATION:** A dual-purpose design that will enhance residential spaces where its 100% cotton, modernist charm can be applied to furniture, drapery and soft furnishing accents or featured as the hero of the space. The dryness of the fabric will allow for pairing with various textures and natural materials such as timber adding depth and interest while blending within both contemporary and traditional styles.
- **COLOURWAYS:** ALLAMBIE'S four colourways have been inspired by all the Australian landscape elements. A mix of muted tones and enriched hues, it is a sophisticated and earthy mix of water-like greens and blues, dessert oranges and maroons and bush greens and greys. Each combination using sweeps of colour melting into the next, reminiscent of painted strokes on canvas and watercolour dispersion.
- **RATING:** Oeko-Tex certified and part of the Warwick Naturally brand containing a minimum of 70% natural fibres.
- **CURATE:** A partnership with pattern where artists, styles and techniques can be explored using technology to inject printed designs that deliver on performance and personality.
