

WARWICK

Tangent Combo

Value, Texture and Colour combined

Tangent Combo Collection Hanger

These three exciting new textured plains have been combined to make an inspiring group and are all value priced to make fabric selection easy and affordable.

Featuring 'Rover' and 'Tangent', two striking soft touch chenille* yarn dyed* plains together with 'Ambience' as our latest micro-denier piece dyed* offer. Each has been specifically developed with soft touch surface textures and tested for durability and easy clean maintenance.

Each distinctive texture translates beautifully in a range of 14 easy to live with colours to add a further dimension to seating comfort and tailored good looks.

'Ambience' and 'Tangent' has been tested to Heavy Commercial upholstery, while 'Rover' has Heavy Domestic / General Commercial ratings. Each fabric is also part of our 'Halo' fabric range, woven to precise specifications and tested to exacting standards for colourfastness, abrasion, inherent stain resistance and safety*. Halo fabrics are also resistant to pilling, mould and mildew and impervious to attack by moths, silverfish and insect pests.

*Tested for absence of Free Formaldehyde (ISO14184-1:1998)
