FLORALS REMINISCENT OF THE RENAISSANCE - AVESTA by Warwick

Overview: Timeless yet traditional, AVESTA offers sophisticated florals with a decorative feel delivered through its large-scale design. With its transitional pallet and dual-purpose properties, AVESTA is a picturesque and alluring addition to any interior space.

- **Inspiration:** Drawing inspiration from the masters of the Renaissance, AVESTA pays homage to the classic style and nature of this incredible period in time. Its vintage appearance is achieved through its mixed yarn construction adding rustic texture to modern interiors.
- **Design:** A micro-pile chenille with a digital print overlay enhances AVESTA's detail and visual interest. This combination creates AVESTA's textural depth and faded vintage aesthetic.
- **Application:** This decorative dual-purpose floral features a plush, dry handle and subtle sheen from its micro chenille yarns. AVESTA is a perfect way of adding sophisticated colour into lampshades, cushions, drapery and general domestic upholstery with its timeless botanical design.
- **Colour:** Five colourways with a modern take on traditional palettes. Mustard combines hues of grey and mustard for a more traditional feel. Magenta and Lagoon bring bright, bold colours of chartreuse, navy and greens to the mix with more of a statement feel. Autumn and Jewel offer rich, warm tones on contemporary backgrounds evoking deeper, dramatic moods.
- **Rating:** AVESTA is Oeko-Tex certified and dual-purpose, perfect for adding romantic florals reminiscent of the Renaissance. AVESTA's large-scale print offers a traditional design for more contemporary environments, ideal for decorative statement furniture, accessories and drapery in general domestic environments.
