**CAMIRA**

## PLUSH MODERN LIVING – CAMIRA by Warwick

Overview: An Australian made range that is vibrant and modern, CAMIRA is a plush plain that adds depth and personality to contemporary interiors. With a soft chenille finish and a captivating two-tone construction, this range will integrate seamlessly into existing design schemes. The perfect balance of colour and texture, CAMIRA is a transitional fabric that is stylish and inviting.

- **Inspiration:** Drawing inspiration from the reaction and success of CAMIRA, originally introduced as part of the CIRCLES collection, vibrant colour and core modern neutrals were targeted to create an extensive colour palette.
- **Application:** Featuring a plain weave with yarn dyed chenille highlights, this hard wearing colourful range offers the added protection of Halo characteristics that are ideal for upholstery items in high traffic areas. An indulgently plush collection with a contrasting two-tone finish, CAMIRA brings a relaxed and comfortable aesthetic to contemporary interiors.
- **Colourways:** Key neutrals such as Sesame, Chai and Shale are classic shades that offer a sophisticated feel, while brights like Fire, Lipstick and Poppy create a bold style statement. Acacia, Eucalyptus and Rain Drop's on-trend tones offer an organic and fresh feel.
- **Rating:** With Halo characteristics of high performance and easy cleanability, CAMIRA is proudly Australian made and Oeko-Tex certified. With the added benefit of a FR rating, this diverse range is ideal for upholstery in both residential and commercial environments.
