

WARWICK

MIX PATTERN TO PERFECTION - Ettienne by Warwick

Overview: Subtle but distinctive with a creative mix of botanical, geometric and stripe, ETTIENNE and coordinating LAZARE and CHARVILLE, combine eras and styles with restraint and balance. Woven, textured yarns add depth and finesse to a collection proudly part of Warwick's Australian Made range.

- Inspiration: A compelling and sophisticated new take on popular, traditional patterns.
- Application: ETTIENNE will add texture and interest to a sleek, modern space or update a traditional interior with confident style. A carefully curated collection is best suited to cushions and large or small upholstery features from ottomans to a chaise lounge or modular seating.
- Design: ETTIENNE'S naive, stylized leaf design finds its perfect match with the graceful, small-scale geometric detail of LAZARE. An effortless stripe weave from CHARVILLE completes the design statement.
- Colourways: Refined tones and visual harmony are the focus for an exceptional selection of 8 colourways. A range of neutrals and greys are enhanced by refreshing bursts of modern colour. Extending options to mix and match, a complementary selection of 4 colourways from LAZARE and CHARVILLE add further diversity to the collection.
- Rating: ETTIENNE is at home in any general domestic environment, is OEKO-TEX certified, and is an exciting new addition to Warwick's Australian Made range.
