

# WARWICK

## SHEER HARMONY from ELIAN by Warwick

Overview: ELIAN introduces a new selection of contemporary neutrals to a popular Warwick sheer. Fresh and fashionable colourways are enhanced by linen textures, filtering natural light through a delicate striated weave. Balancing the organic touch of linen with the easy care qualities of polyester, the contemporary blend is a versatile and inherently beautiful window treatment, conveniently weighted for effortless fall.

- Inspiration: Capturing the gentle tones of night and day in a simple sheer, ELIAN references light and movement through a natural texture.
- Application: ELIAN softens a space and enhances ambient lighting. The wide width sheer, suited to expansive architectural windows and unstructured Roman blinds, includes a continuous weighted edge for a sophisticated drop.
- Colourways: ELIAN delivers design-led neutrals for a light and breezy aesthetic. Steel, Mist, Asphalt and Flint make an on-trend contemporary statement, while classic Ivory, Linen, Stone and Driftwood lighten the mood for any interior.
- Rating: ELIAN is a FR rated, Oeko-Tex certified sheer.
