FISKE
BODEN. CLYDE. FISKE

FROM SKETCH TO STORY, PATTERN IS TURNED INTO POETRY – FISKE by Warwick

Alive with colour and character, FISKE unites three bold designs into one expressive story. Created to be layered, contrasted, and endlessly re-imagined, the collection celebrates the joy of maximalist living and nuanced artistry where every combination is a tale to be told.

- **DESIGN:** A hand-painted collection where personality is fearless and eclectic yet distinctly curated, FISKE brings together three artistic designs. Its hero namesake pattern is a whimsical, imaginative floral alive with playful charm, balanced by two companions: BODEN, a vibrant zig-zag stripe, and CLYDE, a stamped fan motif inspired by palms.
- **APPLICATION:** Maximalism made gentle is the essence of FISKE, where layers of pattern are lyrical yet restrained, and a clash of prints transforms interiors into homely settings with quiet confidence. Printed on a natural cotton base with a dry hand-feel, the collection is designed for mix-and-match curation, from large-scale furniture and statement chairs to bedheads, soft furnishings and drapery.
- **COLOURWAYS:** Available in three colour stories, FISKE offers a spectrum of moods. Autumn brings warmth and grounding with sunbaked terracotta, sophisticated olive and taupe. Spring captures a sense of renewal through fresh greens and berry accents. Winter contrasts icy blues and cool greys with striking bursts of berry red.
- **RATING:** Oeko-Tex certified and part of the Warwick Naturally brand containing a minimum of 70% natural fibres.
- **CURATE:** A partnership with pattern where artists, styles and techniques are explored. Designs are injected with personality and deliver on performance.
