

WARWICK

REST, RELAX, REJUVINATE – with HELIX by Warwick

Overview: Tranquil, serene and inherently restful, this soft sheer offers organic characteristics with the perfect balance of colour and texture. HELIX offers a fluid and light drapery quality with transitional undertones that can be integrated into interiors with ease.

- **Application:** Boasting a jacquard weave and yarn dyed construction; HELIX is a lightweight sheer with a visual texture that adds character and depth. Featuring a loose woven structure and natural dry finish, HELIX offers continuous self-weighting in an expansive wide width (300cm) that is perfect for relaxing drapes and unstructured roman blinds. An organic sheer that allows light to filter gently across the room, HELIX will enhance the mood of any space with effortless sophistication.
- **Colourways:** Stone and Shadow are strong colourways of dark moody hues perfect for modern interiors, while Cloud, Nougat and Moonbeam are key neutrals with complementary tones that are soft, warm and natural.
- **Rating:** HELIX is a continuous wide width sheer (300cm) with self-weighted characteristics, making it the ideal fabric for draping across expansive glass windows and wide architectural spaces. Fire rated and Oeko-Tex certified, this contemporary sheer is an organic addition to both residential and commercial environments.
