

WARWICK

WIDE WIDTH WITH A MYRIAD OF COLOUR - ICON by Warwick

Overview: ICON is a new and versatile 300cm wide width fabric with a sophisticated selection of colour. This range is an ideal choice for all your drapery needs with a hue for every situation.

- Inspiration: Inspired by our SOLO range, ICON brings this texture to a new age. Offering an extensive range of applications with its wide width and 26 colours, ICON has an option to match any interior.
- Design: Refined and sophisticated, ICON is a plain dobby weave, perfect for achieving a casual and textured look. Piece dyed with cationic yarn gives it a soft sheen and two tone effect.
- Application: ICON has a relaxed natural look, offering a fantastic appearance for a range of applications. With its wide width and colour range, ICON is ideal for drapery, lighting, cushions and roman blinds.
- Colour: Influenced by washed back sorbet tones, Shell, Petal, Buttercup & Aqua bring a refined and sophisticated colour palette. Snow to Driftwood offers the more natural and traditional tones. While traces of metallics can be found in colours like Pewter, Silver & Platinum.
- Rating: Oeko-Tex rated, 300cm wide width, and suitable for commercial washing at 90 degrees. ICON is an ideal two toned, textured plain with a diverse colour palette suitable for all your interior drapery needs.
