ISHKA

NATURALLY TEXTURED, EFFORTLESSLY LIFTED - ISHKA by Warwick

ISHKA is a sheer drapery collection that finds beauty in texture and ease where its naturally airy charm will float with a relaxed rhythm.

- **DESIGN:** Woven with a blend of cotton, polyester and linen, ISHKA has a dry handfeel featuring a subtle cross-hatch with the result presenting understated elegance where detail is nuanced and beautifully informal.
- **APPLICATION:** Self-weighted and available as a continuous, 320cm wide solution, ISHKA is ideal for layering with heavier curtains for added insulation, controlling light and privacy or to elegantly section a space. Designed to create an airy feel with a relaxed ambience where its self-weighted hem will add balance for puddling or floating.
- **COLOURWAYS:** ISHKA contains a curated palette of timeless hues, chosen for their versatility. From warmer neutrals like pearl, sand and milk and to contemporary cooler classics like ash and silver, each tone has been developed to suit the widest arch of interior styles.
- **RATING:** Certified for quality management system ISO9001 with Oeko-Tex certification and AS1530.3 fire rating.
