LORNE

TENACIOUS AND TONAL TEXTURES - LORNE by Warwick

Overview: Add tailored tone and comforting contrast with our LORNE collection. With its quality handle and natural aesthetic, this chunky texture brings captivating tactility with heavy commercial Halo properties - perfect for almost any interior upholstery application.

- **Design:** LORNE's matte, multi-tonal aesthetic is a result of its cationic, yarn-dyed plain weave construction. Fire rated to AS1530.3 standards with an Oeko-Tex certification this collection adds divergent direction to any upholstery with its transitionally speckled pattern and heavy commercial stability.
- **Application:** LORNE's flecked finish, tonal aesthetic and Halo properties allow this fabric to make its way into most upholstery applications. From rustic and refined lampshades to contrasting cushions and enticingly textured upholstery. LORNE is the perfect plain to bring and blend schemes together, offering a stable selection of fabrics suited to everything from domestic to high-traffic commercial spaces, large or small.
- **Colourways:** With 20 skus in its collection, LORNE offers a parade of transitional colour and tone to blend their way into almost any scheme. Classic neutrals include Ivory, Elephant, Storm and Frost. For a warmer palette see hues of Cherry, Musk and Lava. Adding cooler character to this range are colours of Aqua, Mist and Ocean.
- **Rating:** LORNE is Oeko-Tex certified with a heavy commercial, AS1530.3 fire rating. Tactile and transitional, this textured plain offers a stress free fabric with easy-clean Halo properties and an engaging, high-end finish. With an adaptable and large colour line, LORNE is suited to almost any interior upholstery application in both residential and commercial environments.
