

LINIA

MATERIAL HONESTY WHERE FIBRE, FORM, AND TACTILITY WEAVE A NEW HOME EXPRESSION - LUCIA by Linia

A rustic palette and raw materiality collide with a contemporary edge, LUCIA feels elemental in bridging earthbound tradition with current design.

DESIGN: Crafted from a refined blend of wool, linen and cotton, balanced with synthetics for strength, LUCIA carries a grounded yet timeless appeal. A bold stripe cuts through its rustic, organic base, striking a balance between contemporary design and earthy character. Inspired by native grasslands, its heavy-weight weave reveals a subtle lustre, adding both depth and durability. With its natural warmth and tactile richness, LUCIA connects interiors back to the earth while offering enduring luxury.

APPLICATION: Rated heavy commercial, and railroaded for easy application, LUCIA will work boldly across residential and commercial spaces where it can become a talking point on furniture, bedheads or accent soft furnishings. It is a texturally expressive look that will provide uniqueness and undisputed style.

COLOURWAYS: Colour in this range takes its cue from nature's quieter tones, with a graphic black and cream stripe acting as a point of contrast. The palette is flexible, softening when paired with pastels and neutrals, or becoming more expressive alongside deeper, saturated hues.

RATING: Yarn dyed, Heavy Commercial rated with Oeko-Tex certification.
