

WARWICK

COLOUR YOUR WORLD WITH THE ORIGINAL AND THE BEST - MACROSUEDE by Warwick

Overview: Refreshed and revitalized, the original MACROSUEDE is back with a collection of contemporary new colours. Tried and tested, this timeless Warwick favourite offers an unparalleled selection of faux-suede - a universal staple in residential and commercial spaces since its introduction over two decades ago.

- **Application:** Enticingly textured with a trusted, durable handle - MACROSUEDE has been extensively tested and features a heavy commercial rating, Oeko-Tex certification, fire-rating and both HealthGuard and Halo properties. Teaming these extensive capabilities with its napped matte finish and comprehensive colourways, MACROSUEDE is a one-stop high-performance shop for all your upholstery needs. This suede fabric is perfectly suited to all high-traffic commercial areas like hotels, hospitality and educational environments through to residential spaces.
- **Colourways:** MACROSUEDES' extensive palette has now grown and features 14 new transitional colours. Melon, Spruce and Caramel add a selection of new trending tones. Lead, Ash and Graphite bring more timeless neutrals. Ferrari, Mallard and Pumpkin deliver a bold punch to the palette. Ruby, Prussian and Dijon elevate interiors with their richer jewel tones.
- **Rating:** Delivering premium performance across the board, MACROSUEDE offers unrivalled style and sophistication in a rainbow of transitional tones. Comprehensively tested with a heavy commercial rating, Oeko-Tex certification, AS1530.3 fire rated and a Group Classification of 2. MACROSUEDE's HealthGuard treatment offers the protection against a wide range of micro-organisms including bacteria, yeasts and algae. Most significant of which is its effectiveness against Staphylococcus aureus A129 and dust mite infestations. Together with a stain resistance and Halo easy clean capabilities - this man made suede is ready to take on almost any upholstery application.
