MARAIS

TRANSITIONAL MODERN, ACCENTUATING FORM THROUGH NUANCED TEXTURE – MARAIS by Warwick

This unassuming yet versatile chenille jacquard delivers subtle texture and warmth, paired with a distinct dry, vintage handle. MARAIS hugs curved, angular, and voluminous forms with precision, making it an ideal foundation fabric for a wide range of interior styles.

- DESIGN:** Crafted for enduring performance, MARAIS pairs durability with tactile appeal. Low-pile poly-cotton chenille yarns create gentle tonal variation, while a tightly woven structure enhances its soft, velvety texture. The result is a considered, timeless upholstery with an understated nod to mid-century design.
- APPLICATION:** MARAIS is an essential chenille upholstery, suited to a wide range of interior schemes and designed to act as a versatile base for layering texture and colour through accessories and finishes. It offers a supple, malleable handle, ensuring ease of use across a broad range of furniture forms. Suitable for both residential and commercial applications, it is woven with practicality in mind while maintaining a high-end aesthetic through its refined, subtly shaded surface.
- COLOURWAYS:** Complementing this classic chenille is a considered colour palette of jewel tones, enduring mid-century hues such as Brass, Chocolate, Copper and Olive, balanced with core neutrals to support a wide range of interior settings. Its cotton composition enriches colour depth, while a semi-matte finish adds a refined, elevated touch.
- RATING:** Heavy commercial rated with Oeko-Tex certified and an AS1530.3 fire rating.
