TRADITIONAL DESIGNS WITH A MODERN MUSE – MAYFAIR by Warwick

Overview: Offering a fresh modern take on traditional designs, MAYFAIR is a transitional collection with a unique tailored aesthetic that will adapt to the mood of any room.

Boasting an eclectic mix of patterns and a versatile colour palette of contemporary hues, MAYFAIR and coordinating ISLINGTON, BATTERSEA and KENSINGTON will create a space that is warm and inviting. Whether it's sophisticated and refined or casual and relaxed, this mix and match collection lets you be the stylist with a versatile selection of trend focused looks.

- **Application:** With Halo properties of enhanced durability and easy cleanability, MAYFAIR's striking designs are perfect for comfy sofas, scatter cushions, and statement bedheads. Presenting a yarn dyed jacquard weave with chenille feature yarns, MAYFAIR offers casual sophistication with soft textures and a subtle two tone sheen.
- **Design:** MAYFAIR's transitional designs can be incorporated into any interior with comfort and ease. KENSINGTON's small scale spot is the perfect contrast to BATTERSEA's multi directional geometric pattern, while ISLINGTON offers a sophisticated trailing leaf design that is complemented by the beautiful mid-scale florals of MAYFAIR.
- **Colourways:** An on-trend colourway that is warm and inviting, Spice combines tones of paprika and gold for a look that is both bold and casual, while Denim is a deep blue colourway with an inherently calming mood. Offering a fresh and uplifting vibe, Sunshine's soft yellow tones are the perfect match for the gentle and relaxing aesthetic of Sky's light blue hue, while Natural presents shades of mushroom and grey to create a look that is subtle and refined.
- **Rating:** Featuring Halo characteristics of enhanced durability and easy cleanability, MAYFAIR's mix and match designs and complementary colourways create a versatile collection that is ideal for upholstery purposes in residential settings.
