

WARWICK

IMMERSE IN AN UNDERWATER ENCHANTMENT OF COLOUR AND PATTERN – NEMO by WARWICK

NEMO draws from the carnival of colour, texture and life form below the surface of water, and re-imagines aquatic life into a contemporary piece of art where organic shapes meet the retro infusion of stripes.

- **DESIGN:** Printed onto a smooth velvet-look base, the collection harmonises the boldness of NEMO'S directional stripe with the characterisation of NINGALOO'S hand drawn pattern, where strokes, imperfections and fluidity give a multi-dimensional perspective. Intertwining details and overlapping silhouettes give movement that feels organic with the coziness of its velvet-look creating an artistic brilliance.
- **APPLICATION:** Curated as a mix-and-match collection elevating application through NINGALOO'S large-scale pattern and its striped companion, NEMO. Each design can be coordinated to create a statement on their own or when paired together will provide a contrasting feature. Sized to suit large and small application, both will work perfectly on feature chairs, cushions, or where stylistic expressiveness is needed with modernised appeal.
- **COLOURWAYS:** The kaleidoscope of colour that comes from marine eco-systems has been captured in NEMO where treasure tones such as sapphire, emerald, amethyst and topaz are supported with muted organic hues. Each colour transposes across the next with relaxed intricacy, as fun as it is sophisticated, the collection will synthesise with rich timber, burnished metals and eclectic colour schemes.
- **RATING:** Oeko-Tex certified, dual purpose drapery and heavy commercial with Halo easy-clean benefits.
- **CURATE:** A partnership with pattern where artists, styles and techniques can be explored using technology to inject printed designs that deliver on performance and personality.
