## BOLDLY BESPOKE – ADITI by Warwick

Overview: Exotic and eclectic yet effortlessly relaxed, ADITI is a Warwick Naturally collection offering a rustic hand-drawn aesthetic that is truly bespoke. In two bold yet sophisticated colours, the unique prints can be used in abundance to create an impact or paired delicately with soft accents of wood and stone for a style that is sleek, refined and on-trend.

- **Inspiration:** A tailored collection designed in Warwick's Melbourne studio that draws inspiration from traditional hand blocked styles and classic printing techniques. ADITI is reminiscent of the eclectic geometric motifs and ethnic designs that can be found across the globe.
- **Application:** Perfect for making a statement in both drapery and upholstery, ADITI'S linen viscose blend offers a beautifully tactile fabric and dry textured finish ideal to mix and match across any interior for a truly immersive experience.
- **Design:** NISHI offers playful sophistication with small-scale geometrics, while RASHMI exhibits a hand drawn Greek key symbol. Boasting a panel stripe with South American Aztec influence, ANJALI is the perfect match for MALA: a contemporary geometric with undertones from traditional Japanese design. Completing the range is ADITI with its intricate hand drawn, block printed diamond design.
- **Colourways:** Offering two distinct colourways, ADITI will integrate into existing interiors with ease. Indigo is a contemporary colour with traditional connotations, offering a timeless take on an age-old colour, while Black exhibits an on-trend aesthetic that can be matched to any colour palette with effortless sophistication.
- **Rating:** Perfect for residential and heavy commercial settings, ADITI presents a decorative Warwick Naturally collection with a natural and earthy feel that lends itself to both upholstery and drapery applications.
