A WOVEN DANCE WITH TRADITION WHERE TEXTURE DISRUPTS THE ORDINARY- PEDRO by Warwick

With a globally inspired aesthetic, PEDRO is a transformative collection where texture is dynamic and detailed, redefining modern living with tactile geometry.

- **DESIGN:** Designed through a contemporary lens, PEDRO, ALVITA and CORDOVA carry an underlying sense of story—one that feels unearthed from ancient times yet re-imagined for the modern home. Each is formed using a distinctive ribbed texture accentuated with interpretations of chevron, diamond and geometric pattern work.
- **APPLICATION:** For those looking for an artisanal and authentic design solution which embraces interior styles such as bohemian, contemporary mediterranean or rustic modern, the PEDRO collection will effortlessly deliver for use in commercial and domestic spaces. With the ability to offer an eclectic edge with heavy commercial durability, PEDRO is ideal for statement pieces in busy zones or will transition seamlessly into bespoke residential furniture curations.
- **COLOURWAYS:** Yarn dyed, and balancing versatile neutrals with rich, earthy primaries that appear timeworn and undiscovered, PEDRO'S colour range is inspired by weathered terrain and ancient pigments. Covering all bases from sun-faded blue ink, earthy terracotta and mustard, grazing field olive and with earthen neutral and grey, each colourway has a depth that can integrate with heritage and modernism.
- **RATING:** Heavy Commercial with Oeko-Tex certification.
