TRANQUIL TULIPS WITH A SOPHISTICATED SERENITY - PHOEBE by Warwick

Overview: PHOEBE is a decorative dual-purpose floral with a transitional tulip pattern. With its mid-scale design and digital print overlay, PHOEBE brings an organic serenity to a space with its 100% cotton base and washed hues.

- Inspiration: With a fluid, flowing nature, PHOEBE is a classic watercolour design with an abstract, organic feel. This floral is a fantastic addition of sophisticated hues for a myriad of applications from drapery to general commercial upholstery.
- Design: PHOEBE is a 100% cotton, plain weave fabric with a dry and naturally soft handle and texture. PHOEBE's digital print gives it detail, definition and a colourful finish, making it pop off the matte base cloth.
- Application: With its dual-purpose properties reaching general commercial standards, PHOEBE is a playful way of incorporating washed colour into an interior. An ideal fabric for lampshades, drapery, cushions and upholstery – Phoebe brings a raw and relaxed nature to interior spaces of all shapes and sizes.
- Colour: PHOEBE features four colourways evoking various emotions to suit different environments. Orchid's contrasting colours of magenta and cobalt bring brighter punch to a room. Lagoon provides a calm and relaxing look with harmonious hues of navy and chartreuse. Autumn offers more of a vintage feel with warm terracotta orange and soft blue tones. Finally, Rose brings a more feminine tone with moody coral pinks and blues.
- Rating: PHOEBE is an Oeko-Tex certified, dual-purpose fabric with a Warwick Naturally label. The 100% cotton composition gives PHOEBE a casual nature with a relaxed vibe in a collection of watercolours. This fluid mid-scale floral is a fantastic addition to any transitional, general commercial or residential space.
