

WARWICK

A TEXTURAL DRAPERY MEDLEY - MIRANDA by Warwick

Overview: This unique collection brings you the ultimate one-stop shop for textural-look drapery. Three designs digitally printed on three proven base cloths offer light-filtering sheers to 3-pass coated block outs. Our versatile MIRANDA collection has a drapery solution for any interior application.

- **Design:** MIRANDA's ability to adapt and blend into a scheme is seamless and simple. Its selection of sheers, dim-outs and block-outs add visual, textured interest in a trio of ways with printed designs on our established qualities PAROS, LUNA and BELMORE. The MIRANDA collection features an organic chevron design with subtle direction in its geometry. A mid-scale, all-over, bark-like texture replicates its natural form. To complete the print collection we have a classic crosshatch with a small-scale pattern and organic stroke.
- **Rating:** This drapery collection offers a continuous, self-weighted sheer in PAROS, a wide-width, triple weave dim out in LUNA and a wide-width 3-pass, block out with Oeko-Tex certification on BELMORE – all 290cm wide and FR tested to AS1530.3 standards. With 5 colourways across three designs, MIRANDA's mix and match possibilities are endless. Each with 100% polyester construction, these textured look drapes are the ideal solution for blending and layering into any residential and commercial environments.
