Rally

Stripes to Rave about

Rally Collection hanger

Introducing two multi purpose fabrics for both Heavy Commercial and everyday tough domestic living. Both 'Rave', our popular ribbed plain, and 'Rally' it's co-ordinating multi coloured stripe, are new age textured chenilles* with a wonderful soft hand and robust performance characteristics.

'Rave' is available in a comprehensive selection of 20 fashion forward colours, which are combined perfectly in 'Rally's' multi coloured stripes of Earth, Marina, Lagoon, Rainbow, Juniper, Volcano and Smoke. Each colour combination offers a fresh focal point to any décor, and is guaranteed to turn heads.

Woven on sophisticated looms combining soft touch Chenille yarns, 'Rave' and 'Rally' are both yarn dyed chenilles which are already proving popular in contract applications for their Heavy Commercial performance ratings.

Each fabric is part of our 'Halo' fabric range and as such they are woven to precise specifications and tested to exacting standards for colourfastness, abrasion, inherent stain resistance and safety*.

Halo fabrics are also resistant to pilling, mould and mildew and impervious to attack by moths, silverfish and insect pests.

'Halo' is the Warwick hallmark for high performance easy clean fabrics. They are also compatible with independent retail fabric protection and guarantee programs. These programs enhance the fabric's ability to resist liquid staining by providing a spill repellent surface and/or warranties to cover accidental damage.

* 'Chenille' – Often mistakenly referred to as a fibre, comes from the French word for caterpillar and describes a particular characteristic soft touch yarn construction.

* Yarn Dyed – Yarn colours are individually dyed prior to weaving. This is generally understood to provide greater colour consistency between production batches.

* Tested for absence of Free Formaldehyde (ISO14184-1:1998)
