## THE ROMANCE OF PATTERN COMES TO LIFE WITH MAXIMALIST DESIGN – SHEFFIELD by WARWICK

Taking inspiration from classic European woven tapestry designs and the 19th century Arts and Crafts movement, SHEFFIELD presents an embellished and intricate range accented with a playful twist where traditional designs are reinterpreted in a contemporary context. This collection seamlessly blends rich historical motifs with modern aesthetics, offering a unique fusion that celebrates past and present.

- **DESIGN:** Sheffield has been exclusively hand drawn in-house by the Warwick Design Studio, the collection is as romantic as it is fun using traditional paisley, small scale damask, stripe, directional pattern, ditsy and a large-scale decorative floral design which juxtaposes traditional botanical elements with a modern stylistic execution. Printed on a velvet look base, SHEFFIELD'S ornate style catches the light in all the right places, accentuating its maximalist sophistication with an indulgence of history and modernised charm.
- **APPLICATION:** SHEFFIELD has been printed on MYSTERE, a warp knit velvet look fabric known for its usability, softness and high-performance. The collection allows for bold and imaginative use where layering can be balanced with interchangeable designs that will accent and contrast without overwhelming each space or object. Maximalist interiors can be created that are delightfully chaotic while preserving the opulence and refinement of artistic tradition.
- **COLOURWAYS:** There are four colour themes within SHEFFIELD which have been expertly selected to allow for cross-coordination across the entire collection. Mulberry contains regal tones of red and burgundy complimented with earthy greens, blues and ochre. Spice is a warmer palette with modernised tones of pink, terracotta and orange. Azure is a classic interpretation with tonal blues accented with green and lime. Midnight is a trend driven palette inspired by nighttime tones of blossom pinks, forest greens and purple. Each colour theme takes heritage colour and transforms it with contemporary accents.
- **RATING:** With Halo easy-clean benefits and an AS1530.3 fire rating, SHEFFIELD is perfectly suitable for both domestic and commercial applications.
- **CURATE:** A partnership with pattern where artists, styles and techniques can be explored using technology to inject printed designs that deliver on performance and personality.
