

# WARWICK

## Satellite

Plain Hanger with texture close up

Satellite is the latest addition to our library of triple weave drapery fabrics.

Offering a soft elegant drape, with a sophisticated organic texture, Satellite's additional convenience of a 300cm wide width insures a perfect drape every time.

Available in 7 neutral colours, and with a 60% light blocking effect, Satellite is the perfect option when looking for a dim-out fabric. Offering great insulation properties for heating and cooling, Satellite can also be used as curtain lining.

Satellite is 100% polyester, meaning it is hard wearing, will not shrink and can be laundered. Further, it is Oeko-Tex certified, and has been rated for fire retardancy, making it ideal for both domestic and commercial applications.
