

WARWICK

Simbra

Historical influences meet modern design

Simbra Collection Hanger

The Simbra Collection showcases three stunning designs inspired by the Berber textural patterns and motifs of North Africa and the Middle East, with a bold and contemporary take on colour.

The collection is designed to be mixed and matched, using the coordinate Kendi, Medillin stripe and feature design, Simbra, all working back with the coordinating plain, Lindeman; providing an all over natural texture.

The colour range will lend itself to all interior styles: sophisticated Natural, intense Chili and cool Lime and Aqua. Use all designs in one colourway for a coordinated look or use a combination of colours and designs for impact.

The Simbra Collection is part of our Halo fabric range - our hallmark for high performance easy clean fabrics.
