

WARWICK

BRINGING THE HAMPTONS HOME - MONTAUK by Warwick

Overview: MONTAUK features a selection of digital prints designed in our Melbourne studio, inspired by classic coastal patterns. Dual-purpose with a heavy commercial rating, this collection is a one-stop shop for any interior application.

- Inspiration: MONTAUK celebrates coastal Hamptons style, combining timeless, transitional and classic prints with a soft texture and natural feel.
- Design: Digitally printed, this dual-purpose collection evokes the relaxed, luxury lifestyles associated with the coast. Transitional designs of BELLPORT and NANTUCKET feature diamond and lattice patterns. Traditional prints of SOUTHAMPTON and MONTAUK offer beautiful two-tone floral and damask designs. EASTPORT and CALVERTON add staple classics to the collection with regent and ticking stripes.
- Application: Boasting a dual-purpose heavy commercial rating, this durable plain poly-cotton range is also washable. MONTAUK's base cloth creates a matte, subtle texture that works with the digital print overlay to create an organic, washed look that is suitable for applications such as for lighting, cushions, drapery, bedspreads, roman blinds and upholstery.
- Colourways: Marine recreates the nostalgic, coastal feelings that pay homage to the classic blue and white tones of the Hamptons. Keeping within this theme, Basalt offers a universal style with a more neutral and contemporary colourway.
- Rating: Heavy commercial rated, MONTAUK is a dual-purpose collection paying tribute to a relaxed, classic style. Six washable designs offer users a versatile selection of prints suited to a range of interior applications and styles.
