Frida

Stylishly Scandinavian

Frida Collection Hanger

Introducing our exciting new contemporary collection, Frida. With a fresh colour palette and Scandinavian influence, the Frida collection will make a statement in your home.

The large scale floral feature design, Frida, co-ordinates with the small scale sunburst design, Greta, and unique variegated stripe, Tallinn.

Available in 4 fresh colourways, from sophisticated Natural and Indigo, to fashion highlight colours of Aqua and Rose.

Each design is a yarn dyed* chenille* fabric, woven and licensed as part of our ongoing commitment to Australian Made furnishings and tested to General Domestic Performance standards. They also join our extensive group of Halo fabrics, our hallmark for high performance easy clean fabrics.

These three unique designs coordinate back with our popular natural dry-look texture, Jarvis. Jarvis achieves a Heavy Domestic/General Commercial rating, is part of our Halo range, and our Slip Wash Cover category, making it the perfect base to work this collection around.

*Yarn Dyed – Yarn colours are individually dyed prior to weaving.

*'Chenille' – Often mistakenly referred to as a fibre, a soft touch yarn construction.

*Tested for absence of Free Formaldehyde (ISO14184-1:1998)
