ESCAPE INTO AN IMPRESSIONISTS TROPICAL PARADISE - TAMPA by Warwick

TAMPA is a wild and artistic jungle expression, bringing to life the untamed beauty and vibrant energy of a tropical paradise. Be transported with the lush colours of palms and sunsets orchestrated with the vibrancy of a hand-painted pattern

- **DESIGN:** TAMPA captures the chaos yet harmonious dance of jungle foliage and floral beauty, brought to life with a layered, brush stroke effect where perfection is removed, and the spontaneity of impressionism creates movement and a contemporary scene ready to be explored.
- **APPLICATION:** The perfect solution for creating a maximalist interior design scheme, embracing boldness while layering texture and colour to stimulate the feeling of tropical island escapism. TAMPA has a richness in it's design where it is transformative by its sophisticated interpretation using imagination and realism of a natural environment. Constructed with a beautifully soft hand feel, TAMPA is enriched with a luxurious tactility and can be used in residential and commercial spaces as a feature piece of furniture, as part of a curated array of cushions or on mass throughout all decorative touch points.
- **COLOURWAYS:** Five colourways makeup the TAMPA collection taking inspiration from the evocative teals of a lagoon, the cascade of sunset oranges and the radiance of pinks seen in tropical flowers. Each has a foundation of subdued, grounding tones that are then highlighted with a dance of lighter strokes and colourful highlights.
- **RATING:** Oeko-Tex certified and Heavy Commercial rated with Halo easy-clean characteristics.
- **CURATE:** A partnership with pattern where artists, styles and techniques can be explored using technology to inject printed designs that deliver on performance and personality.
